# Warm, friendly hosts who will provide a stress-free, caring environment

#### Four areas are available:

**1. West wing**: a large room with both a separate toilet and shower. Antique furniture with convenient storage. Desk and additional table.

**2. East wing suite:** two rooms – a bedroom and a separate study room. There is also a small sitting area with a kitchenette. Newly refurbished.

**3-4.** Two rooms available nearby but off site with same conditions as in the heritage house.

## **Reviews**

#### Dr Kate Dunhill, May 2025 Course Participant:

"Five stars! An ideal place to stay during the course — just a short walk to campus, spacious warm room with a private bathroom, and a great study area. The food was incredible — genuinely fine dining quality with flexible meal times. The hosts were amazing and made everything stress-free so I could focus on studying. Very reasonably priced for the quality. Highly recommend!"

#### Dr Rebecca Veitch, May 2025 Course Participant:

"I stayed at Marli for three weeks while attending a course in Dunedin, and I couldn't have asked for a better experience. Les and Rose were the most welcoming and accommodating hosts – they went above and beyond to make sure we felt right at home. The meals were absolutely delicious and there was always lots of variety and yummy desserts.

The house itself is a beautiful Dunedin heritage home, our rooms were warm and spacious. It was a great location, walking distance to both the city centre and the university. It was the perfect spot for while we were studying – warm, homely, and comfortable with great food.

I'd highly recommend Marli to stay and hope to see Rose and Les again - they felt like our second Dunedin family by the time we left!"
